Maybe even better than free.

File is free to use with no gotchas and no hidden fees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. Unfortunately, we can't make that part free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. No account or credit card is required to get started. Keep your files private, or send your download links only to friends or family. Just upload the file you want to share with your friends and we send you a download link to your file. You can upload any type of file (movies, music, documents, images, zip files and more). Our service is completely free for everyone. So try our free and simple filehosting service now. When you use file, you avoid storing thefile you're sending in your cloud storage or mail server. If only we could, we surely would! On the other hand, using file can actually save you money. The costof that data transfer is covered by your internet service or the data plan on your phone. You decide who you want to share your files with. Files transferred theold-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that canbe transferred within their apps. We have no file size limit. There are no restrictions on the number of times a file can be downloaded. It is also allowed to linkto the download page from websites and communities. Files can be downloaded from any computer from our high speed servers. You don't need any special software installed to be able to download your files. filehosting provides an easy possibility for you to send large files to your friends. Any file in any formatcan be uploaded and downloaded for free. Using file, you can circumvent those limits without paying to upgrade your team chat service. You can give thisdownload link to your friends by mail or instant messenger.
