Maybe even better than free.

Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. File is free to use with no gotchas and no hidden fees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. Unfortunately, we can't make that part free. Our service is completely free for everyone. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. Just upload the file you want toshare with your friends and we send you a download link to your file. If only we could, we surely would! On the other hand, using file can actually save youmoney. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered byyour internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data isbeing transferred between your computer or phone and our servers, then from our servers to your friends device. You decide who you want to share your fileswith. filehosting provides an easy possibility for you to send large files to your friends. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. Any file in any format can be uploaded and downloaded for free. You canupload any type of file (movies, music, documents, images, zip files and more). Files can be downloaded from any computer from our high speed servers. Sotry our free and simple filehosting service now. Keep your files private, or send your download links only to friends or family. You don't need any spec
