We have no file size limit. No account or credit card is required to get started. So try our free and simple filehosting service now. Just upload the file you wantto share with your friends and we send you a download link to your file. It is also allowed to link to the download page from websites and communities. There are no restrictions on the number of times a file can be downloaded. Unfortunately, we can't make that part free. Our service is completely free for everyone. Any file in any format can be uploaded and downloaded for free. Simply upload your file and share the link. You decide who you want to share your files with. You can give this download link to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. You don't need any special software installed to be able to download your files. Keep your files private, or send your download linksonly to friends or family. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the sizeof files that can be transferred within their apps. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that datatransfer is covered by your internet service or the data plan on your phone. File is free to use with no gotchas and no hidden fees. filehosting provides an easypossibility for you to send large files to your friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data isbeing transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On theother hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can upload any type of file (movies,
