Maybe even better than free.

Keep your files private, or send your download links only to friends or family. Just upload the file you want to share with your friends and we send you a download link to your file. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for free. We have no file size limit. You can give this download link to your friends by mail or instant messenger. Simply uploadyour file and share the link. It is also allowed to link to the download page from websites and communities. Our service is completely free for everyone. Filescan be downloaded from any computer from our high speed servers. When you use file, you avoid storing the file you're sending in your cloud storage or mailserver. If only we could, we surely would! On the other hand, using file can actually save you money. No account or credit card is required to get started. So tryour free and simple filehosting service now. You don't need any special software installed to be able to download your files. Files transferred the old-fashionedway tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can upload any type of file (movies, music, documents,images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Justso we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Unfortunately, we can't make that part free. Using file, you can circumvent those limits without paying to upgrade your team chat service.Alternatively you can choose to share your download links on blogs, forums and social networking sites. filehosting provides an easy possibility for you to sendlarge files to your friends. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internet service or the dataplan on your phone. You decide who you want to share your files with.
